

Street & Street Accounts

Experienced Accountants for the Pub Industry...

About Us:

Debbie Street, business partner – after qualifying as a chartered accountant in London in 2004 I moved to Rugby to set up my own bar with my husband. We set this up from a derelict building, growing the trade from zero to an average of £8,000 wet sales per week. After 2 years of running the bar full time with my husband, I decided that to go back into accountancy and joined a large firm offering accountancy services and advice for the pub trade, while my husband continued to run the bar. 4 years later I have set up Street & Street Accounts along with Patrick Magill to offer a personal & local service to tenants & lessees within the pub trade.

Based in Rugby, I can provide excellent customer service to pubs in Warwickshire, Leicestershire & Northamptonshire. My practical experience within the trade is invaluable to the advice I can give you, it's not all just about the numbers! This combined with my expertise working in this role over the last 4 and half years means I can provide a bespoke & specialist service for you.

Please contact me by phone **07957 662312** or send an email to **debbie@streetandstreet.com** and we can arrange to meet to discuss all your financial needs.

Patrick Magill, business partner – Based on the borders of Lincolnshire/ Rutland/Leicestershire/Cambridgeshire and Nottinghamshire, I am ideally placed to provide localised accountancy services for your business.

My career history includes time spent in the Royal Navy, dealing with accountancy and payroll functions. I have also run my own business; a service station on a main arterial road which had a very similar business relationship with the parent company to that of a pub landlord with the brewery. Following that I was finance manager of a newly formed company subsequently taken over by a multi-national conglomerate.

For the last six and a half years I have worked for a company that was solely focussed on the pub trade; latterly as a Senior Manager. Therefore, as the above illustrates, I have built up a wealth of experience that enables me to provide sound advice and accurate, meaningful accounts to assist you in running your business.

If you wish to discuss this service in more detail or require advice, please contact me either by mobile, **07952 748827** or email, **patrick@streetandstreet.com**
